Angus Link scores are Beef 152, Feedlot 140, Grid 147. No creep, only grass and milk. Complete year round mineral program. Quiet and easy to handle. BVD-PI negative.

Source and age information in this Certificate has been compiled from data provided by the producer pursuant to the AngusSource program of the American Angus Association. Although, the AngusSource program has been found to meet the requirements of the USDA's Process Verified Program; the American Angus Association is not responsible for inaccurate information provided to it by the producer or others, incorrectly identified cattle or inappropriate use of any information in this Certificate. In order to qualify for the AngusSource PVP, each animal listed on this Certificate must be tagged with an official AngusSource program compliant tag, and the tag must remain in the ear through terminal marketing.
