

The Angus Foundation and American Angus Association along with the National Junior Angus Association (NJAA) Board of Directors believe in the importance of developing our young people as leaders. One of the avenues for this is through the training and knowledge provided at the Leaders Engaged in Angus Development (LEAD) Conference each year. The Conference develops leadership potential in Angus youth and raises awareness of issues facing the beef industry.

Angus: Live from Nashville is the theme for the 2019 LEAD Conference to be held Aug. 1-4, 2019, in Nashville, TN. The NJAA Board is working very diligently to coordinate an exciting, fun and educational program that you will want to experience. The schedule is similar to conferences in the past; please check the website this spring for more details.

Nashville will provide a great setting for this year's LEAD. The board has planned to take you on a tour that will feature sites of interest in the area plus visits to area farms. The conference is open to NJAA members who turn at least 14 years old in 2019.

Housing for junior members will be 4 per room. **No roommate requests.** However, if you request to room alone, additional charges will apply to the registration.

The completed registration forms and signed medical release forms found in this booklet along with a signed and dated NJAA Membership Code of Conduct and flight schedule **must accompany** your check to register for this exciting conference. Spots will be limited, so please register early. The early registration cost will be \$250 for junior member. **After June 15, rates increase to \$275 for junior members. No individuals will be allowed to register after July 15th and no one will be able to cancel with full reimbursement after this date as well. Please register early, as once limit is full we cannot accept any more registrations.**

#### **Thomas A and Catherine Chambers LEAD Awards**

In 1996, Thomas and Catherine Chambers of Chambers Angus, Ontario, Ore., informed the American Angus Association their intentions to donate their entire estate to the Angus Foundation. Becoming members of the organization's planned giving program Angus Legacy Society in 2006, the Chambers formalized their estate plans in their will documents naming the Angus Foundation as the sole charitable beneficiary. During the Angus breed's Vision of Value: Campaign for Angus, the couple began funding their Chambers Angus Endowment Fund that when combined with their estate proceeds, totaled more than \$800,000. Only the investment earnings from this permanent endowment will be used to support Angus youth activities conducted by the National Junior Angus Association. Additionally, two \$500 cash awards will be given to attendees of the LEAD Conference to cover registration fees and travel. Preference will be given to applicants from Washington, Idaho and Oregon. Selection of the Chambers LEAD Award recipients will be made by the Angus Foundation Scholarship Selection Committee. Interested applicants must submit a one page typed essay that includes the following information: why attending LEAD conference is important to me, what I hope to gain by attending LEAD, and explanation of financial need.
