

Resource List

• Why Use This Resource List?

Each farm or ranch is unique. Different goals, farm or ranch location, environment and resources affect how each herd is managed. These differences require producers to monitor many factors to meet herd needs. To better understand these factors, you can research information and learn how to properly care for and manage your herd.

• What's In This Resource List?

This interactive PDF provides a list of external information sources to help you meet your herd needs. It provides access to Cooperative Extension and University Beef Team Web sites, their electronic publications, and contact information for beef industry specialists.

• How Do I Use This Resource List?

- * Click on this icon to access the external Web sites: 
- * Click the Angus Education Center (AEC) logo to access the AEC.
- * Topic-specific web resources are listed on page 2.
- * Some information sources are categorized by region. View a color-coded map on page 3.
- * Scroll through this document to access the general information list and information specific to your state and region.

Topic-Specific Web Sites
