

National Junior Angus Association *Skill-a-thon Resource Guide*

Note: Questions from the NJAA Skill-a-thon test may come from this resource guide but they may also come from other resources.

The Skill-a-thon focuses on the following topics:

Breed Identification

Association Identification – people, places, things, etc.

Feedstuff Identification

Livestock Equipment Identification

Meat Cuts Identification

Mineral/Supplement Identification

Beef Industry Question Scenarios

Below are some resources to use for studying:

▶ The Ohio State University Extension – Beef Learning Lab Kit

<https://extensionpubs.osu.edu/beef-learning-lab-kit/>

Talk to your local 4H or FFA chapter to sponsor a purchase or if they already have the kit.

▶ Beef Quality Assurance – National Manual

https://www.bqa.org/Media/BQA/Docs/bqa_manual_final.pdf

▶ Master of Beef Advocacy – Course Materials

Access the course materials by participating in the program. Gain study materials as well as becoming a Master of Beef Advocacy!
